

I listen to 91.1 KLOV pretty much 10+ hours a day. In my car and online all day at work! Without the opportunity to have KLOV all day long I would be lost. To take KLOV off the air and replace by an LPFM broadcsater would be a HUGE mistake...We Christians need this music and DO NOT want anything else! The radio station is extremely popular in my community, and it's in the public's interest to KEEP something that they are happy having! Please rethink this decision...it would hurt MORE than my community, it would hurt Christians all over the Country.
